#### **AMERICAN RESCUE PLAN – PROJECT IDENTIFICATION – SCHURING PARK**

Hawke moved and Thomas seconded a motion that whereas, Jackson Township has received a notification it will receive a total distribution of monies (the “ARPA Funds”) from the American Rescue Plan Act of 2021 (“ARPA” or the “Act”) in the amount of \$4,196,118.00; and,

Whereas, Jackson Township received on August 16, 2021, the first of two distribution of monies (the “ARPA Funds”) from the American Rescue Plan Act of 2021 (“ARPA” or the “Act”) in the amount of \$2,098,059.00, and,

Whereas, Jackson Township received on March 4, 2022, a reallocation distribution of monies (the “ARPA Funds”) from the American Rescue Plan Act of 2021 (“ARPA” or the “Act”) in the amount of \$8,376.00, and,

Whereas, Congress passed the Act effective March 11, 2021; and

Whereas, Section 603 created the Coronavirus Local Fiscal Recovery Fund which, among other things, appropriated money to cities, non-entitlement units of local government, and counties to

mitigate the fiscal effects stemming from the public health emergency with respect to the Coronavirus Disease (Covid-19); and

Whereas, Section 603(c) generally provides that:

(1) USE OF FUNDS. Subject to paragraph (2), and except as provided in paragraphs (3) and (4), a metropolitan city, non-entitlement unit of local government, or county shall only use the funds provided under a payment made under this section to cover costs incurred by the metropolitan city, non-entitlement unit of local government, or county, by December 31, 2024;

(A) to respond to the public health emergency with respect to the Coronavirus Disease 2019 (COVID–19) or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality;

(B) to respond to workers performing essential work during the COVID–19 public health emergency by providing premium pay to eligible workers of the metropolitan city, non-entitlement unit of local government, or county that are performing such essential work, or by providing grants to eligible employers that have eligible workers who perform essential work;

(C) for the provision of government services to the extent of the reduction in revenue of such metropolitan city, non-entitlement unit of local government, or county due to the COVID–19 public health emergency relative to revenues collected in the most recent full fiscal year of the metropolitan city, non-entitlement unit of local government, or county prior to the emergency; or

(D) to make necessary investments in water, sewer, or broadband infrastructure.

Whereas, Jackson Township pursuant to Department of Treasury’s Interim Final Rule, published on or before July 19, 2021, made expenditures of ARPA funds consistent with the Department of Treasury’s Interim Final Rule in the amount of \$449,104.00.

Whereas, Department of Treasury Final Rule, published on January 6, 2022, and effective April 1, 2022, provides in part that:

Treasury presumes that up to \$10 million in revenue has been lost due to the public health emergency and recipients are permitted to use that amount (not to exceed the award amount) to fund “government services.” [The “standard allowance”].

Whereas, the Rule further observes that:

The standard allowance provides an estimate of revenue loss that is based on an extensive analysis of average revenue loss across states and localities, and offers a simple, convenient way to determine revenue loss particularly for Coronavirus State and Local Fiscal Recovery Fund’s smallest recipients. This change is intended to promote administrative efficiency and simplify revenue loss calculation for smaller recipients.

Whereas, the Rule further clarifies that recipients can use:

SLFRF funds on government services up to the revenue loss amount, whether that be the standard allowance amount or the amount calculated using the [Final Rule four-step process]. Government services generally include any service traditionally provided by a government, unless treasury has stated otherwise.

Whereas, some common examples of “government services” expressly recognized by Treasury are as follows:

- Road building and maintenance, and other infrastructure
- Health services
- General government administration, staff, and administrative facilities
- Environmental remediation
- Provision of police, fire, and other public safety services (including purchase of fire trucks and police vehicles)
- Maintenance or pay-go funded building infrastructure
- Modernization of cybersecurity, including hardware, software, and protection of critical infrastructure

Whereas, “Government services is [deemed by Treasury] the most flexible eligible use category under the SLFRF program, and funds are subject to streamlined reporting and compliance requirements;” and

Whereas, funds utilized pursuant to the standard revenue loss allowance continue to have certain restrictions, including:

- Deposit into pension funds
- Satisfaction of settlements or judgments
- Contributions to financial reserves or “rainy day” funds

Whereas, the Board of Trustees has identified a project which, in the judgment of the Board, qualifies as a permitted use of the ARPA Funds, in direct support of governmental services, which consists of the following:

The Board of Trustees on October 29, 2021, dedicated permanent parcel number 10-011820 as Kirk Schuring Park (the “project”) pursuant to Resolution 21-221 as a public park to be used as a sports complex. The forty (40) acres comprising Kirk Schuring Park require public improvements (i.e. grading, utility infrastructure, restroom, pavilions...etc.).

Now therefore, it is hereby resolved by the Board that:

1. The Township elected to use the standard allowance by way of Resolution 22-103 and its presumption of revenue loss due to the public health emergency and to use the amount authorized herein to fund government services.
2. The Project is hereby authorized and shall be paid for from the ARPA Funds in the amount of \$1,300,000.00.

3. The Project described herein serves the objectives of the Act by providing services traditionally provided by a government, namely: Parks and recreational facilities and programs.
4. Accordingly, the Project is in the best interests of the Township and is deemed a priority for the community.
5. No obligations paid under the authority of this Resolution were incurred prior to March 3, 2021.

Be it further resolved: that it is hereby found and determined that all formal actions of Jackson Township concerning and relating to the adoption of this Resolution were adopted in an open meeting of the Township Trustees, and that all deliberations of the Township Trustees and any of its committees that resulted in such formal action, were in a meeting open to the public, in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.
