

Division of Surface Water
NPDES Small MS4 General Permit
(OHQ000003) Annual Reporting Form

Instructions for completing this form

- OHQ000003 requires that this form be used when submitting annual reports. You may request approval to use your own reporting format.
- Annual Reports are due annually on or before April 1st.
- Complete the form and sign and date the certification statement below
- If more space is needed than is provided, identify within the provided space that Attachment A, B, C, etc. has been attached.
- If an item of the form is not applicable for your program (such as street sweeping), fill in N/A in the space provided.
- Do not include attachments such as brochures, newspaper clips, sign-in sheets, etc. related to your program with this form.
 You only need to summarize these within this report. These records must be filed and will be needed during program audits.
- When complete, submit this Annual Report form to the following address:
 Ohio Environmental Protection Agency
 Division of Surface Water
 Storm Water Program-Small MS4
 P.O. Box 1049
 Columbus, Ohio 43216-1049

PUBLIC EDUCATION AND OUTREACH

Estimate Your Permit Area of Total Population: 43067

BMP (mechanism)	Responsible Party	Measurable Goal	Theme or Message	Target Audience	% Target Audience	Effective
SWCD Social Media	Stark SWCD	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Storm Water Education: Public education by posts that encourage discussion of common storm water topics and issues.	Stark County residents, including Jackson	100	Yes
Summary of Results: Provided weekly social media outreach posts (Facebook & Twitter) to Stark County residents to promote residential water conservation and storm water BMPs; participated in storm water awareness week.						
Comments: Weekly posting included storm water topics such as pollution prevention, water conservation practices, and other related topics for homeowners.						
Construction Site	Zoning Department	To educate homeowners and builders on construction site runoff control.	To continue to educate homeowners and builders on best management practice selection. Brochures are also available on SWCD website at www.starkswcd.org .	Jackson Township residents and builders	60	Yes
Summary of Results: Items adopted into the zoning resolution include encouraging landscaping to be sloped and depressed to allow water flow into the landscaped area.						
Comments: Target Audience Reached difficult to access.						
Jackson Township Newsletter	Administration Department	To educate and inform the Jackson Township community on storm water topics.	Water Conservation - What you can do to protect our local water.	Jackson Township residents, businesses, and other recipients.	90	Yes
Summary of Results: Newsletters were mailed to an estimated 23,571 households & businesses within the township and additional copies are available at the township hall, and safety center. Approximately 70,713 newsletters containing pertinent education/awareness articles were distributed during the reporting period. Seven articles in three issues promoted PIPE Committee 2022 Theme; "Do Your Park, Be Septic Smart", PIPE activities, Stark Soil & Water District Workshops, storm water/drainage, and yard debris.						
Comments: Target Audience Reached difficult to access.						
SWCD Newsletter	Stark SWCD	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Water Quality and Soil Health: How to use BMPs to prevent pollutants from entering storm water systems and local waterways.	Stark County residents, including Jackson	100	Yes
Summary of Results: Stark Soil & Water Conservation District distributes newsletters including articles on storm water conservation practices, residential storm water BMPs, septic smart, and schedules for trainings and workshops.						
Comments: Newsletters with storm water topics including pollution prevention and water conservation practices for homeowners; 2,500 households reached with each issue.						
Comprehensive Plan	Zoning Department	To plan for future growth.	Continue to keep plan on the website for review by residents and builders. Web site address - www.jacksontpw.com .	Jackson Township residents and builders.	60	Yes
Summary of Results: This activity has proven very effective in exploring issues involving storm water and erosion particularly related to implementation issues and needed organizational structures to implement Phase II related goals.						
Comments: Target Audience Reached difficult to assess.						

Community Hotline	Highway Division	Allows the public to report a spill.	For many types of concerns, including drainage, residents can call township offices and speak to staff. The staff member in turn fills out a service request or directs residents to the proper authority/entity, depending on the nature of the concern and the appropriate legal authority to resolve the concern.	Township residents and businesses.	60	Yes
Summary of Results: Reports are received by Fire, Police, Highway, and Park as applicable. Ongoing - works well.						
Comments: Target Audience Reached is difficult to access.						
Jackson Township Website - www.jacksontp.com. Jackson Township Facebook Page - Jackson Township Board of Trustees, Stark County, Ohio	Administration Department	Educate community on water quality issues. To inform the public of SWCD Homeowner's Series educational classes.	Water Conservation - What you can do to protect our local water.	Jackson Township residents and general population.	90	Yes
Summary of Results: The website can be viewed by residents and others to link to the Stark Soil & Water Conservation District, Stark County Health Department, and the Stark-Tuscarawas-Wayne Joint Solid Waste Management District, and Stark County Regional Planning Commission (Storm Water). Articles can be viewed on storm water. Township Newsletter can be viewed on the website. Post various educational flyers and information on the Township's Facebook page. Stark SWCD Facebook posts are shared to the townships Facebook page.						
Comments: Target Audience Reached difficult to access.						
Radio Announcements	Stark SWCD, Stark PIPE members	Public event: Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Storm Water Education: Importance of keeping storm water clean.	Stark County residents, including Jackson	100	Yes
Summary of Results: Reached approximately 40,000 listeners with 132 (60 second) public service announcements on WHOF, WRQK, and 99.7.						
Comments: N/A						
SWCD Workshops	Stark SWCD	Public event: Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Presented workshops on drainage, severe weather, agriculture pollution, rain gardens, construction sediment & erosion controls, septic smart, natural lawns, and individual lot controls and its connection with storm water.	Stark County residents, including Jackson	100	Yes
Summary of Results: Presented to 271 participants.						
Comments: N/A						

P.I.P.E. Committee / Stark County Regional Planning	Jackson Township/P.I.P.E. Committee	To involve the public in learning about Storm Water Quality Pollution	Theme of P.I.P.E. Committee for 2022 "Do Your Part, Be Septic Smart" - No one practice can solve all issues related to stormwater runoff. Promote the "join the teams we're all downstream" through radio commercials, billboards, water quality articles in the newsletter, annual brochure, Facebook, and on website www.jacksontwp.com.	Residents of Jackson Township and surrounding communities.	75	Yes
Summary of Results: Jackson Township employees attended one committee meeting in 2022. Developed a theme and shared methods of communicating storm water education to the general public. P.I.P.E Committee in conjunction with Stark County Regional Planning ran a radio awareness campaign of 132 (60 second) commercials during June/July covering various water quality subjects using "Clawd the Crayfish" the Storm Water Mascot. Used eight billboards throughout Stark County that were created by local school students to promote Stark Water Pollution.						
Comments: Target Audience Reached is difficult to access.						
SWCD Tabling	Stark SWCD, Stark Parks, Stark PIPE	Public event: Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Storm Water Education: Displays related to project SWPPP, BMPs, rain gardens, and watersheds (Enviroscape).	Stark County residents, including Jackson	100	Yes
Summary of Results: Tabled at Stark County Home & Garden Show, Stark Parks, Stark Library, and County Fair.						
Comments: N/A						
Intergovernmental Coordination	Zoning Department	To work with other agencies on educational programs to educate the residents and builders in Jackson Township.	Continue to work with SWCD in referring complaints in sediment control and water quality issues. Continue to work with Stark County Regional Planning in reviewing preliminary plans and commenting to make sure they are following the township zoning and comprehensive plan.	Jackson Township residents and builders.	60	Yes
Summary of Results: The activities undertaken in conjunction with SWCD are determined to be effective in providing information and outreach to individual property owners regarding storm water and erosion issues. Feedback from owners and SWCD personnel also validate the effectiveness of this activity.						
Comments: Target Audience Reached difficult to access.						
Storm Water Quality Management	Zoning Department	To reach the residents and builders of Jackson Township and educate them about storm water quality management.	Obtained through miscellaneous brochures regarding storm water management.	Jackson Township residents and builders.	60	Yes
Summary of Results: This activity has been effective in providing information and outreach to individual property owners regarding storm water and erosion issues.						
Comments: Target audience is difficult to access.						

SWCD Publications	Stark SWCD	Public event: Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Storm Water Education: Public education with articles in Farm and Dairy on the topic of natural lawns and rain gardens.	Stark County residents, including Jackson	100	Yes
-------------------	------------	---	---	---	-----	-----

Summary of Results: Provided articles in Farm and Dairy on natural lawns and rain gardens.

Comments: N/A

PUBLIC EDUCATION & OUTREACH

Summarize activities you plan to undertake during the next reporting cycle.

BMP (mechanism)	Responsible Party	Measurable Goal	Theme or Message	Target Audience	% Target Audience	Proposed Schedule
P.I.P.E. Committee	Jackson Township	Participate in P.I.P.E. Committee activities. (Public Involvement and Public Education)	Participate in public involvement and public educational programs with the committee. Committee's theme for 2023 "A Wish for a Fish is to Not Swim with Rubbish". Promote the theme through flyers and brochures, Facebook, and website. IDDE Plan	Jackson Township	Maintain IDDE Plan.	The IDDE Plan has been modified to reflect the cancellation of the April 19, 2010 agreement as of December 31, 2011. The Jackson Township Highway Division has assumed the investigation and reporting of the illicit discharges.	The IDDE Plan as proposed in 2012 was modified in 2013. Jackson Township will continue daily observation and reporting.

BMP (mechanism)	List of Municipal Facilities Subject to Program	O&M Procedures Developed?	# of Inspections Performed	Frequency of Inspections
Municipal Facilities	Highway / Maintenance Facility	Yes	5	Quarterly / Yearly
BMP (mechanism)	Summarize Maintenance Activities and Schedules	Summarize Activities Performed		
MS4 Maintenance	<p>Catch basins cleaned, repaired, and installed as needed.</p> <p>Storm sewer and ditch cleaned as needed</p> <p>Community yard waste loaded and hauled by private contractor.</p> <p>Assist with Jackson Senior Community Day.</p> <p>Tracked asphalt patch material applied to roads.</p> <p>Oil Water Separators/checked monthly and emptied as needed.</p> <p>Monitor septic system and pump when requires. Monitor oil water separator, test and pump as required. Monitor retention pond to ensure no debris gets into the water.</p>	<p>21 catch basins repaired, 11 catch basins installed.</p> <p>382 ft. pipes flushed, 747 ft. ditch cleaned.</p> <p>201 loads hauled out by Earth N' Wood.</p> <p>486.72 tons of asphalt used on roads.</p> <p>Oil water separators Inspected and no problems found.</p> <p>Monitor septic systems and pump when requires. Monitor oil water separator, test and pump as required. Monitor retention pond to ensure no debris gets into the water.</p>		
BMP (mechanism)	Procedures Developed?	Document Amounts of Wastes Properly Disposed		

Disposal of Wastes	Yes	89.44 tons of sweepings and catch basin residue hauled to landfill including road kill. Highway - Continuous during Highway Division operations. Central Maintenance - Waste oil and used filters - as needed (approx. 1,000 gallon of waste oil), as needed for disposal of used filters, as needed for disposal of used antifreeze. Park-Daily. 8 cu yd dumpster in Jackson parks. Picked up 3 times per week, April - October, and 1 time per week, November through March.		
BMP (mechanism)	Covered?	Tons Used	Summarize Measures Taken to Minimize Usage	
Road Salt	Yes	1115 Tons	Daily driver discussion when in use as to amount and location of the distribution. Trucks updated with the latest computerized salt & material distribution equipment. Parks & Recreation Division snow and ice policy states, 100 - 300 lbs. of salt to be used per lane mile. Calibration of equipment to be completed at the beginning of season and monitored throughout the season.	
BMP (mechanism)	Procedures Developed?	Gallons Used	Summarize Measures Taken to Minimize Usage	
Pesticide & Herbicide Usage	Yes	83 Gallons	Best Management Practices is being used in conjunction with the proper mowing height, airify fields, and use organic compounds.	
BMP (mechanism)	Procedures Developed?	Pounds Used	Summarize Measures Taken to Minimize Usage	
Fertilizer Usage	Yes	12900 Pounds	Organic fertilizer and tested leaf compost used on turf within the township owned properties. Soil tests are completed each year and only the proper amounts of amendments are applied to create a healthy turf.	
BMP (mechanism)	Procedures Developed?	Document Amount of Material Collected and Properly Disposed		
Street Sweeping	Yes	89.44 ton of sweepings and catch basin debris hauled to landfill.		
BMP (mechanism)	Summarize Any New or Existing Flood Management Projects that were Assessed for Impacts on Water Quality			
Flood Management Projects	No new flood control projects were designed or reviewed during this permit term. No existing practices were retrofitted during this permit term.			
BMP (mechanism)	Summary			
2022 Ohio Stormwater Conference	Attended classes that educated staff on new and innovative ways to address stormwater issues throughout the state and country. Three (3) Highway Division employees took part in this training.			

POLLUTION PREVENTION/GOOD HOUSEKEEPING FOR MUNICIPAL OPERATIONS

Summarize activities you plan to undertake for the next reporting cycle.

BMP (mechanism)	Responsible Party	Measurable Goal	Summary of Planned Activities	Proposed Schedule
Pesticide & Herbicide Usage	Jackson Parks & Recreation Division	Follow guidelines from the Department of Agriculture.	Continue education; maintain records and BMP's.	Growing Season.
Comments: N/A				
Street Sweeping	Jackson Highway Division	Sweep all curbed streets and spills to dispose of sweepings, cleanings, and any contaminated materials in an efficient and proper manner.	Assign proper storage and disposal methods for wastes. Monitor these methods for propriety.	Continuous during highway division operations.
Comments:				
Employee Training I	Stark SWCD	Conduct annual training for appropriate staff.	Attend and/or view training covering aspects of MS4 permit.	Current Year

Comments: N/A				
Fertilizer Usage	Jackson Parks & Recreation Division	Continue education and the use of organic materials on Township owned properties.	Continue to monitor soil samples and correct deficiencies in the soil. Follow guidelines produced by the Department of Agriculture.	Growing Season.
Comments: N/A				
2023 Ohio Stormwater Conference	Jackson Township Public Works Department (Highway & Parks)	Attend in person further educate ourselves on stormwater practices that can be implemented within the Township both publicly and privately.	Attend conference	May 11 & 12, 2023 Location: Kalahari Resorts & Conventions, OH
Comments: N/A				
MS4 Maintenance	Jackson's Highway, Central Maintenance, & Parks & Recreation Divisions	Highway - Continue to maintain facilities. To discover, recognize and maintain all assigned facilities both building and highway property to protect our waterways. Central Maintenance - Continue practices to maintain oil water separators. Park & Recreation - Continue education; maintain records and BMP's.	Highway - To accept public notice and inspect catch basins, piping, berms, and general runoff into these facilities for contamination. Central Maintenance - Perform monthly checks on the oil water separators and empty them using a disposal company as needed. Park & Recreation - Continue education; maintain record and BMP's.	Highway - Immediately upon discovery, or notice, and with each monthly road inspection and during workday experience. Central Maintenance - Monthly as needed. Park & Recreation - Daily
Comments: N/A				
List of Facilities Subject to Program	Jackson's Highway/Maintenance Facility and Parks & Recreation Division.	Continue Best Management Practices for both facilities.	Monitor the Best Management Practices for prevention and spill clean-up.	Continuous monitoring.
Comments: N/A				

Disposal of Wastes	Jackson's Highway/Central Maintenance/Parks & Recreation Divisions	Highway - To dispose of sweepings, cleanings, and any contaminated materials in an efficient and proper manner. Central Maintenance - Proper disposal of the waste oil and used filters. Parks & Recreation - Continue to keep properties operated within the park system clean and waste material placed in dumpster and removed by qualified waste hauler.	Highway - Assign proper storage and disposal methods for wastes. Monitor these methods for propriety. Shelter materials from moisture. Central Maintenance - Continue to dispose of waste oil and used filters properly with a disposal company. Park & Recreation - 8 cu. yd. dumpsters in parks. Picked up 3 times per week, April-October, and 1 time per week, November through March.	Highway - Continuous during Highway Division operations. Central Maintenance - Waste oil and used filters - as needed (approx. 1,000 gallon of waste oil), as needed for disposal fo used filters, as needed for disposal of used antifreeze. Park - Daily
Comments: N/A				
Employee Training Program	Jackson's Highway & Central Maintenance Divisions	Highway - To provide technical guidance and resources on all BMP's necessary for Highway Division daily work requirements. Central Maintenance - Annual training to employees on good housekeeping identification of problems and clean up of spills.	Highway - Provide and review material from EPA, Joint Solid Waste District, Stark County Soil & Water, Stark County Health Department, and other sources that appear. Attend informational classes as they are offered. Central Maintenance - Provide employee training on identification and housekeeping. Explain procedures for each facility.	Highway - Review BMP's in spring for summer and fall work for the winter such snow and ice control. Be alert for announced classes. Central Maintenance - Perform annual training.
Comments: N/A				
Road Salt	Jackson's Highway & Park Divisions	Highway - To use salt sensibly to achieve a safe and acceptable road condition. Salt is stored under roof. Parks & Recreation - Continue to follow recommended application rates.	Highway - Continue to equip trucks with latest salt & material distribution electronic control equipment and train drivers in this usage. Educate and monitor drivers to salt sensibly and value the potential harm to the roadside and drainage. Parks & Recreation - Walking paths and parking lots kept free of snow and ice.	Highway - Equip new trucks purchased. Parks & Recreation - Winter season.
Comments: N/A				
Flood Management Projects	Ensure storm water quality is considered for new flood management projects.	Ensure any proposed flood control structures have WQ incorporated in the design to improve water quality and consider existing structures for water quality retrofitting if feasible.	Permit term.	Ongoing.
Comments: N/A				

PROPOSED CHANGES TO YOUR SWMP (IF ANY)

Summarize any proposed changes to your SWMP, including changes to any BMPs or any identified measurable goals that apply to the program elements. If you fail to satisfy measurable goals for the reporting year, please explain why.

Updated SWMP 1-31-23

VARIANCES GRANTED (IF ANY)

Identify and summarize any variances granted under your storm water program.

None
