Jackson Township Amphitheater LED Video Screen Project

Addendum #2

1. Will you accept an alternate pixel pitch for this product

- The bid proposal sheet has been updated in that no greater pixel pitch than 6.9mm will be accepted.

2. Panels / Modules size and number?

- We have removed items #1 & #2, which identified a quantity and size for panels / modules. Item #3 was edited to remove the quantities as well. This will be left up to the vendor to decide how many of their product will be needed to create the size screen and pixel patch.

3. Content Manger Hardware / Software

- The need for a content manager for this system is present. We have added this to the bid proposal sheet as item #1.

4. Power Supply

- The Township will be responsible for supplying power to the wall for this project.

5. Can we supply a Bid Guarantee from an accredited surety in the amount of 10% of the project value? If not, can we change the language in the Bid Guarantee to match as the current Penal Sum language does not match in that supplied document?

- As stated in Section 102.06 of the bid specifications, you have two options on how to supply the Township your bid guaranty. Form 1 would be providing the Township a bid guaranty bond for the full amount of the bid, including all additive and deductive alternates, conditioned to Section 102.06(1)(A) and (B), or you can supply the Township with form 2 that is a bid guaranty of certified check, cashier's check or letter of credit pursuant to Chapter 1305 of the Ohio Revised Code, equal to ten percent (10%) of the bid, including all additive and deductive alternates. (Further information on this option can be found in Section 102.06(A)(2) of the bid specifications.

6. 105.15 – SUSPENSION OF WORK – EXTENSION OF TIME: Should the Township suspend the work for 30 days or more, shall the contractor be allowed to bill for materials received at contractor's warehouse?

- The Township's specifications will remain unchanged

7. **105.35 – TIME OF COMPLETION AND LIQUIDATED DAMAGES – 3. If the Contractor shall fail to reach substantial completion within the contract time, or be granted an extension of time by the Owner, then the Contractor will pay as liquidated damages to the Owner the amount of five hundred dollars (\$500.00) per calendar day.**

➤ This is standard contract language and is not subject to change.
