Ohio Revised Section 504.07

Answer to Citation

(A)

(1) A person who is served with a citation pursuant to division (B) of section 504.06 of the Revised Code shall answer the charge by personal appearance before, or by mail addressed to, the township fiscal officer, who shall immediately notify the township law director. An answer shall be made within fourteen days after the citation is served upon the person and shall be in one of the following forms:

(a) An admission that the person committed the violation, by payment of any fine arising from the violation. Payment of a fine pursuant to division (A)(1)(a) of this section shall be payable to the fiscal officer of the township and deposited by the fiscal officer into the township general fund.

(b) A denial that the person committed the violation.

(2) Whenever a person pays a fine pursuant to division (A)(1)(a) of this section or whenever a person answers by denying the violation or does not submit payment of the fine within the time required by division (A)(1) of this section, the township fiscal officer shall notify the court having jurisdiction over the violation.

(B) If a person answers by denying the violation or does not submit payment of the fine within the time required by division (A)(1) of this section, the court having jurisdiction over the violation shall, upon receiving the notification required by division (A)(2) of this section, schedule a hearing on the violation and send notice of the date and time of the hearing to the person charged with the violation and to the township law director. If the person charged with the violation fails to appear for the scheduled hearing, the court may hold the person in contempt, or issue a summons or a warrant for the person's arrest pursuant to Criminal Rule 4. If the court issues a summons and the person charged with the violation fails to appear, the court may enter a default judgment against the person and require the person to pay the fine arising from the violation.

(C) The court shall hold the scheduled hearing in accordance with the Rules of Civil Procedure and the rules of the court, and shall determine whether the township has established, by a preponderance of the evidence, that the person committed the violation. If the court determines that the person committed the violation, it shall enter a judgment against the person requiring the person to pay the fine arising from the violation.

If the court determines that the township has not established, by a preponderance of the evidence, that the person committed the violation, the court shall enter judgment against the township whose resolution allegedly was violated, shall dismiss the charge of the violation against the person, and shall assess costs against the township.

(D) Payment of any judgment or default judgment entered against a person pursuant to this section shall be made to the clerk of the court that entered the judgment, within ten days after the date of entry. All money paid in satisfaction of a judgment or default judgment shall be disbursed by the clerk as required by law, and the clerk shall enter the fact of payment of the money and its disbursement in the records of the court. If payment of a judgment or default judgment is not made within this time

period, execution may be levied, and such other measures may be taken for its collection as are authorized for the collection of an unpaid money judgment in a civil action rendered in that court. The municipal or county court shall assess costs against the judgment debtor, to be paid upon satisfaction of the judgment.

(E) Any person against whom a judgment or default judgment is entered pursuant to this section and any township against which a judgment is entered pursuant to this section may appeal the judgment or default judgment to the court of appeals within whose territorial jurisdiction the resolution allegedly was violated. An appeal shall be made by filing a notice of appeal with the trial court and with the court of appeals within thirty days after the entry of judgment by the trial court and by the payment of reasonable costs as the court requires. Upon the filing of an appeal, the court shall schedule a hearing date and notify the parties of the date, time, and place of the hearing. The hearing shall be held by the court in accordance with the rules of the court. Service of a notice of appeal under this division does not stay enforcement and collection of the judgment or default judgment from which appeal is taken by the person unless the person who files the appeal posts bond with the trial court, in the amount of the judgment, plus court costs, at or before service of the notice of appeal.

Notwithstanding any other provision of law, the judgment on appeal of the court of appeals is final.
