

Division of Surface Water
NPDES Small MS4 General Permit
(OHQ000003) Annual Reporting Form

Instructions for completing this form

- OHQ000003 requires that this form be used when submitting annual reports. You may request approval to use your own reporting format.
- Annual Reports are due annually on or before April 1st.
- Complete the form and sign and date the certification statement below
- If more space is needed than is provided, identify within the provided space that Attachment A, B, C, etc. has been attached.
- If an item of the form is not applicable for your program (such as street sweeping), fill in N/A in the space provided.
- Do not include attachments such as brochures, newspaper clips, sign-in sheets, etc. related to your program with this form. You only need to summarize these within this report. These records must be filed and will be needed during program audits.
- When complete, submit this Annual Report form to the following address:
 Ohio Environmental Protection Agency
 Division of Surface Water
 Storm Water Program-Small MS4
 P.O. Box 1049
 Columbus, Ohio 43216-1049

General Information

Small MS4 Annual Report for Year: 2025		Ohio EPA Facility Permit Number: 3GQ00052*DG	
Name of MS4: Jackson Township			
Mailing Address: 5735 WALES AVE NW			
City: MASSILLON		State: OH	Zip Code: 44646
Country: USA		County: STARK	
Primary Contact: Michael Vaccaro		Title: Township Administrator/Law Director

PUBLIC EDUCATION AND OUTREACH

Estimate Your Permit Area of Total Population: 43067

BMP (mechanism)	Responsible Party	Measurable Goal	Theme or Message	Target Audience	% Target Audience	Effective
SWCD Workshops	Stark SWCD	Public event: Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Conducted Plant your Raingarden Workshop, Rain Barrel, Rainwater simulation demonstration at the East Ohio Grazing Council Pasture Walk and Composting workshop. Presented to 100 participants	Stark County residents, including Jackson	100.00	Yes

Summary of Results: Presented to approximately 779 attendees. Workshops included: Rain Barrels & Compost Bins (July 2025), and Soil Science and how it relates to & affects our septic tanks (September 2025), 75th Anniversary party (August 2025), School programs, two YouTube videos on native plants and wetlands, Garden Club presentation on soil health.

Comments: N/A

SWCD Tabling	Stark SWCD, Stark Parks, Stark PIPE	Public event: Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Storm Water Education: Displays related to project SWPPP, BMPs, rain gardens, and watersheds.	Stark County residents, including Jackson	100.00	Yes
--------------	-------------------------------------	---	---	---	--------	-----

Summary of Results: Tabled at the Stark County Fair, Stark Master Gardeners Botanica, Farm Bureau Annual Meeting, East Ohio Grazing Council Pasture Walk, and 75th Anniversary party for Stark SWCD.

Comments: N/A

P.I.P.E. Committee / Stark County Regional Planning	Jackson Township/P.I.P.E. Committee	To involve the public in learning about Storm Water Quality Pollution	Theme of P.I.P.E. Committee for 2025 "Put Your Trash Where It Goes, Not Where Water Flows" - No one practice can solve all issues related to stormwater runoff. Promote the "join the teams we're all downstream" through radio commercials, billboards, water quality articles in the newsletter, annual brochure, Facebook, and on website www.jacksonswtp.com .	Residents of Jackson Township and surrounding communities.	80.00	Yes
---	-------------------------------------	---	---	--	-------	-----

Summary of Results: Jackson Township employees attended one committee meeting in 2025. Developed a theme and shared methods of communicating storm water education to the general public. P.I.P.E Committee in conjunction with Stark County Regional Planning ran a radio awareness campaign of 120 (60 second) commercials during June/July covering various water quality subjects using "Clawd the Crayfish" the Storm Water Mascot. Used eight billboards throughout Stark County that were created by local school students to promote Stark Water Pollution for the month of June. There were 170 entries. There were approximately 484,881 weekly impressions.

Comments: Target Audience Reached is difficult to access. Radio ad was heard approximately 102,400 times.

Intergovernmental Coordination	Zoning Department	To work with other agencies on educational programs to educate the residents and builders in Jackson Township.	Continue to work with SWCD in referring complaints in sediment control and water quality issues. Continue to work with Stark County Regional Planning in reviewing preliminary plans and commenting to make sure they are following the township zoning and comprehensive plan.	Jackson Township residents and builders.	60.00	Yes
Summary of Results: The activities undertaken in conjunction with SWCD are determined to be effective in providing information and outreach to individual property owners regarding storm water and erosion issues. Feedback from owners and SWCD personnel also validate the effectiveness of this activity.						
Comments: Target Audience Reached difficult to access.						
Storm Water Quality Management	Zoning Department	To reach the residents and builders of Jackson Township and educate them about storm water quality management.	Obtained through miscellaneous brochures regarding storm water management.	Jackson Township residents and builders.	60.00	Yes
Summary of Results: This activity has been effective in providing information and outreach to individual property owners regarding storm water and erosion issues.						
Comments: Target audience is difficult to access.						
SWCD Publications	Stark SWCD	Public event: Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Storm Water Education: Public education with article in Farm and Dairy	Stark County residents, including Jackson	100.00	Yes
Summary of Results: Provided article in Farm and Dairy's "Dirt on Conservation" column on Midnight Pollinators in May 2025 and Massillon flood.						
Comments: N/A						
SWCD Social Media	Stark SWCD	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Storm Water Education: Public education by posts that encourage discussion of common storm water topics and issues.	Stark County residents, including Jackson	100.00	Yes
Summary of Results: Provided 48 social media outreach posts (Facebook) to Stark County residents to promote residential water conservation and storm water BMPs; participated in storm water awareness week. over 2800 social media post interactions.						
Comments: 30+ Facebook posts included topics on salt use, keeping leaves out of storm drains, construction BMPs, pollution prevention, water conservation practices, and other related topics for homeowners.						
Construction Site	Zoning Department	To educate homeowners and builders on construction site runoff control.	To continue to educate homeowners and builders on best management practice selection. Brochures are also available on SWCD website at www.starkswcd.org .	Jackson Township residents and builders	60.00	Yes
Summary of Results: Items adopted into the zoning resolution include encouraging landscaping to be sloped and depressed to allow water flow into the landscaped area.						
Comments: Target Audience Reached difficult to access.						

Jackson Township Newsletter	Administration Department	To educate and inform the Jackson Township community on storm water topics.	Water Conservation - What you can do to protect our local water.	Jackson Township residents, businesses, and other recipients.	90.00	Yes
Summary of Results: Newsletters were mailed to an estimated 23,801 households & businesses within the township and additional copies are available at the township hall, and safety center. Approximately 71,403 newsletters containing pertinent education/awareness articles were distributed during the reporting period. Seven articles in three issues promoted PIPE Committee 2025 Theme; "Put Your Trash Where It Goes, Not Where Water Flows", PIPE activities, Stark Soil & Water District Workshops, storm water/drainage, and yard debris.						
Comments: Target Audience Reached difficult to access.						
SWCD Newsletter	Stark SWCD	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Water Quality and Soil Health: How to use BMPs to prevent pollutants from entering storm water systems and local waterways.	Stark County residents, including Jackson	100.00	Yes
Summary of Results: Distributed Stark Soil & Water newsletters that include articles on stormwater conservation practices, residential stormwater BMP's and schedules for trainings and workshops.						
Comments: Newsletters with storm water topics including pollution prevention and water conservation practices for homeowners in each issue. Four newsletters were distributed in 2025. 2,000 mailed and 50 were handed out at events and in office for each print.						
Comprehensive Plan	Zoning Department	To plan for future growth.	Continue to keep plan on the website for review by residents and builders. Web site address - www.jacksonstp.com.	Jackson Township residents and builders.	60.00	Yes
Summary of Results: This activity has proven very effective in exploring issues involving storm water and erosion particularly related to implementation issues and needed organizational structures to implement Phase II related goals.						
Comments: Target Audience Reached difficult to assess.						
Community Hotline	Highway Division	Allows the public to report a spill.	For many types of concerns, including drainage, residents can call township offices and speak to staff. The staff member in turn fills out a service request or directs residents to the proper authority/entity, depending on the nature of the concern and the appropriate legal authority to resolve the concern.	Township residents and businesses.	60.00	Yes
Summary of Results: Reports are received by Fire, Police, Highway, and Park as applicable. Ongoing - works well.						
Comments: Target Audience Reached is difficult to access.						
Jackson Township Website - www.jacksonstp.com. Jackson Township Facebook Page - Jackson Township Board of Trustees, Stark County, Ohio	Administration Department	Educate community on water quality issues. To inform the public of SWCD Homeowner's Series educational classes.	Water Conservation - What you can do to protect our local water.	Jackson Township residents and general population.	90.00	Yes
Summary of Results: The website can be viewed by residents and others to link to the Stark Soil & Water Conservation District, Stark County Health Department, and the Stark-Tuscarawas-Wayne Joint Solid Waste Management District, and Stark County Regional Planning Commission (Storm Water). Articles can be viewed on storm water. Township Newsletter can be viewed on the website. Post various educational flyers and information on the Township's Facebook page. Stark SWCD Facebook posts are shared to the townships Facebook page.						

Comments: Target Audience Reached difficult to access.						
Radio Announcements	Stark SWCD, Stark PIPE members	Public event: Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Storm Water Education: Promoted the importance of keeping storm water clean.	Stark County residents, including Jackson	100.00	Yes

Summary of Results: Summary of Results: Reached approximately heard 102,400 times - 120, (60) second spots on three local radio stations

Comments: N/A

PUBLIC EDUCATION & OUTREACH

Summarize activities you plan to undertake during the next reporting cycle.

BMP (mechanism)	Responsible Party	Measurable Goal	Theme or Message	Target Audience	% Target Audience	Proposed Schedule
Rain Barrel	Administration Department	Education on the use of rain barrels.	Display a working rain barrel at the Jackson Township Administration Building.	Visitors to Township Hall.	65.00	Throughout 2026.

Summary of Planned Activities: Rain barrel will be on display and flyers on purchasing rain barrels will be available for the public.

Comments: Rain barrel are available for purchase at local home centers.

SWCD Newsletter	Stark SWCD	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Water Quality and Soil Health: How to use BMPs to prevent pollutants from entering storm water systems and local waterways.	Stark County residents, including Jackson	100.00	Multiple times throughout the year.
-----------------	------------	---	---	---	--------	-------------------------------------

Summary of Planned Activities: Publish newsletter (paper & online) that promotes residential water conservation and storm water BMPs.

Comments: N/A

SWCD Tabling	Stark SWCD	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Water Quality and Soil Health: How to use BMPs to prevent pollutants from entering storm water systems and local waterways.	Stark County residents, including Jackson	100.00	Multiple times throughout the year.
--------------	------------	---	---	---	--------	-------------------------------------

Summary of Planned Activities: Table at community events and public programs to provide information that promotes residential water conservation and storm water BMPs.

Comments: N/A

P.I.P.E. Committee/Stark County Regional Planning Committee	Jackson Township	To involve the public in learning about Storm Water Quality and Pollution.	Promote the "Join the team we're all downstream" through radio commercials, billboards, water quality articles in the newsletter, annual brochure, Facebook, and on website www.jacksonstwp.com .	Residents of Jackson Township and surrounding communities.	85.00	Throughout 2026.
---	------------------	--	--	--	-------	------------------

Summary of Planned Activities: P.I.P.E. Committee will use informational radio commercials and install billboard's throughout Stark County that will be created by local school students to promote Storm Water Pollution.

Comments: Target Audience to be reached difficult to access.

P.I.P.E. Committee	Jackson Township	Participate in P.I.P.E. Committee activities. (Public Involvement and Public Education)	Participate in public involvement and public educational programs with the committee. Committee's theme for 2026 "From Soil to Sea, Keep It Pollution Free". Promote the theme through flyers and brochures, Facebook, and website.	Residents of Jackson Township and surrounding communities	85.00	Throughout 2026.
--------------------	------------------	---	---	---	-------	------------------

Summary of Planned Activities: Committee will create a brochure for public education for "Put Your Trash Where It Goes, Not Where Water Flows". Provide educational handouts at Jackson Community Celebration, and other community events.

Comments: Target Audience to be reached difficult to access.

SWCD Workshops	Stark SWCD	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Water Quality and Soil Health: How to use BMPs to prevent pollutants from entering storm water systems and local waterways.	Stark County residents, including Jackson	100.00	Multiple times throughout the year.
----------------	------------	---	---	---	--------	-------------------------------------

Summary of Planned Activities: Provide workshops (in-person) at District office and in the community to provide information that clean water and storm water BMPs.

Comments: N/A

Jackson Township Newsletter, Website - www.jacksonwp.com, Facebook - Jackson Township Board of Trustees, Stark County, Ohio Government Organization	Administration Department	To educate and inform the Jackson Township community on storm water topics.	Water Conservation - What you can do to protect our local water.	Jackson Township residents, businesses, and other recipients.	90.00	Throughout 2026.

Storm Water Education: Public education by posts that encourage discussion of common storm water topics and issues.	Stark County residents, including Jackson	100.00	Weekly
-------------------	------------	---	---	---	--------	--------

Summary of Planned Activities: Provide weekly social media outreach posts (Facebook) to promote residential water conservation and storm water BMPs.

Comments: N/A

PUBLIC INVOLVEMENT AND PARTICIPATION

BMP (mechanism)	Responsible Party	Measurable Goal	Theme or Message	Target Audience	Estimate Of People Participated	Effective
-----------------	-------------------	-----------------	------------------	-----------------	---------------------------------	-----------

Nimishillen Creek Cleanup	Stark SWCD, Nimishillen LEAP	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Remove trash from waterway.	Stark County residents, including Jackson	0	No
Summary of Results: This event was cancelled for 2025. Zero participation. Another event was scheduled later in the year on the Tuscarawas River and was also cancelled due to lack of participation.						
Comments: We will reschedule for 2026						
Native Plant, Tree, Shrub Sale	Stark SWCD	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	How to be water responsible by selling plants, shrubs, and trees to residents and educating residents on their benefits; plants promote healthy soils, which aid in water infiltration.	Stark County residents, including Jackson	103	Yes
Summary of Results: Sold native plants, trees, and shrubs during sales January - March 2025; provided information on website that described benefits of plants for the environment, including how it positively impacts waterways.						
Comments: N/A						
Compost & Rain Barrels: Workshops & Sale	Stark SWCD	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	How to be water responsible by selling rain barrels to residents and educating residents on their benefits; also promoted compost bins to promote healthy soils, which aid in water infiltration.	Stark County residents, including Jackson	10	Yes
Summary of Results: Facilitated rain barrels workshop (July 2025) available to Stark County residents to promote sustainability practices for the backyard, promote residential water conservation and reduce runoff, Discussion topics included benefits, use maintenance and proper yard and food waste management as well as rain barrel benefits, use and maintenance.						
Comments: N/A						
Volunteer Monitoring	Park & Highway Division	To clean up areas of the Township of debris and trash.	Residents who live along streams and water bodies perform monitoring. They look out for abnormal conditions or changes in the water and habitat. During the annual spring cleanup, students are assigned to canal and stream pickup. The Highway Division properly disposes of debris at license landfills. Parks Division on-going.	Township residents and other recipients.	20	Yes
Summary of Results: Streams and water bodies were monitored and cleaned up during Annual Spring Cleanup. Highway Division properly disposed of debris at license landfills.						
Comments: Estimate of People Participated - Each year the number of volunteers varies.						
P.I.P.E. Committee	Jackson Township	Participate in P.I.P.E. Committee Activities.	Participate in public involvement with the PIPE committee. Committee's theme for 2025 "Put Your Trash Where It Goes, Not Where Water Flows".	Residents of Jackson Township and surrounding communities in Stark County.	5200	Yes
Summary of Results: P.I.P.E. Committee had a educational booth at the Stark County Home & Garden Show, March 14 & 15, 2025.						
Comments: Target audience to be reached difficult to access.						

Pet Waste Disposal Bag Stations	Parks Division	To reduce pet waste from infiltrating into surface water and will help in preventing TMDL's of Bacteria pollution in the watersheds.	to use the disposal bag stations that are available at locations in the park system to help reduce pet wastes from entering the watersheds.	Residents of Jackson Township and any visitors to the park system.	175	Yes
Summary of Results: Pet waste disposal bag stations available at four park locations. One station is located at Fisher Park, and three stations are located throughout South Park.						
Comments: Target Audience Reached difficult to access.						
Yard Waste Disposal Drop-Off Site	Administration Department and Highway Division	Provide a yard waste disposal drop-off site to residents of Jackson Township.	Having a yard waste disposal drop-off site available for residents of Jackson Township helps keep grass and yard waste out of watersheds and will address TMDL's of bacteria.	Residents of Jackson Township	21500	Yes
Summary of Results: Yard waste disposal drop-off site is open seven days a week for 10 months of the year.						
Comments: Residents have to sign up for yard waste entrance card each year.						
Reforestation Program	Parks & Recreation Division	To have trees planted in the Jackson Township Parks and to replace trees as needed.	It is important to sustain and maintain a sufficient number of trees in order to assure the preservation of the global ecological balance.	Township residents and other recipients using the park system.	2	No
Summary of Results: Three (3) trees were planted as donations.						
Comments: Estimate of People Participated - Each year the number of trees planted varies.						
Billboard Contest	Stark SWCD, Stark PIPE members	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	"Put Your Trash Where It Goes, Not Where Water Flows" - do not litter-general information on things to do and not do to help keep the water clean.	Stark County residents, including Jackson	170	Yes
Summary of Results: There were 170 entries. Eight (8) Billboards up the month of June in Stark County – 484,881 weekly impressions						
Comments: N/A						
Stark SWCD Workshop: Soil Science and how it related to & affects our septic tanks	Stark SWCD	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	How to protect water quality through being septic system responsible and educating residents on soil saturation, overloading, contamination potential and best practices of septic system management.	All of Stark County and including Jackson Township	5	Yes
Summary of Results: Facilitated in November 2025 a workshop on soil science and septic tanks to promote management practices that protect natural resources.						
Comments:						
Stark SWCD's 1st Annual Virtual Cleanup	Stark SWCD	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Remove trash from waterway and cleaning neighborhoods of debris & litter	Stark County Residents, including Jackson Township	1	Yes

Summary of Results: Participants were encouraged to collect and pick up litter and trash from anywhere in Stark County from June through August 2025. Participants record the approximate location or water way they collected from, take a picture of all the trash bags they filled, and send pictures and location to Stark SWCD. Winner received a golden rain barrel.

Comments: Target Audience Reached is difficult to access.						
Native Plant, Tree, Shrub Sale	Stark SWCD	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	How to be water responsible by selling plants, shrubs, and trees to residents and educating residents on their benefits; plants promote healthy soils, which aid in water infiltration.	Stark County residents, including Jackson	100	Multiple times throughout the year.
Summary of Planned Activities: Sell native plants, trees, and shrubs through three separate sales; provide information on website that described benefits of plants for the environment, including how it positively impacts waterways.						
Comments: N/A						
Pet Waste Disposal Bag Stations	Parks Divison	To reduce pet waste from infiltrating into surface water and will help in preventing TMDL's of Bacteria pollution in our watersheds.	To use the disposal bag stations that are available in locations in the park system to help reduce pet waste from entering watersheds.	Residents of Jackson Township and any visitors to the park system.	180	Throughtout 2026
Summary of Planned Activities: Continue to have pet waste disposal bag stations located throughout the park system.						
Comments: N/A						
Volunteer - Senior Service Clean-up Day	Park/Highway Divisions	Clean up trash and debris	Water Quality	Senior High School Class	30	May 2026
Summary of Planned Activities: Jackson High School Senior Students participate in a Senior Service Clean-up Day.						
Comments: N/A						
Nimishillen Creek Cleanup	Stark SWCD, Nimishillen LEAP	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Remove trash from waterway.	Stark County residents, including	75	September 2023
Summary of Planned Activities: Removed trash from creek.						
Comments: N/A						
Billboard Contest	Stark SWCD, Stark PIPE members	Assisting our contracted communities to reach the goal of 50% of population by the end of the five-year permit cycle.	Keep storm water clean.	Stark County residents, including Jackson students	20	School Year
Summary of Planned Activities: Promote contest among students; select four winners; secure free billboard space.						
Comments: N/A						

ILLCIT DISCHARGE DETECTION AND ELIMINATION (IDDE)

BMP (mechanism)	Responsible Party	Measurable Goal	Completed	Cite Local Code(s) Being Used (If available, web link for code(s))	Effective
Ordinance or Other Regulatory Mechanism	Jackson Township Zoning	Applications for zoning permits for new construction must have a copy of the sanitary sewer connection permit (guarantee) or on-site septic approval issued by the Stark County Health Department prior to issuing the zoning permit to ensure illicit discharge is not being conducted.	Yes	Jackson Township Zoning Resolution Book www.jacksontownship.com . Stark County Health Department www.starkhealth.org .	Yes

Summary of Results or Activities: This activity has been effective to ensure that all new construction will be served by approved sanitary sewer or household septic systems. During 2025, 90 single-family dwellings, 1-3 unit dwelling and 6-2 unit dwelling permits for a total of 105 dwelling units were issued as well as six (6) new commercial permits in compliance with this requirement

Comments: N/A

BMP (mechanism)	Responsible Party	Measurable Goal	Completed	Summary of Activities or Updates	Effective
Storm Sewer System Map	Jackson Township/Stark County Regional Planning Commission	Received a completed map from the Stark County RPC on 12/31/13.	Yes	Jackson Township entered into a consortium agreement with Stark County RPC for their inventory of the Jackson Township conveyance system of catch basins, pipes, ditches, and flood water facilities (retention/detention ponds) concluding with GIS data and mapping. As new systems are installed and existing systems improved the Township will update their records. Entered into an agreement on 10-28-14 with Stark County RPC for a storm water conveyance system inventory to be conducted outside the urbanized area of the township. Completed. Mapping system will be shared between the Stark County GIS Department and the Jackson Township Public Works Department to ensure all updates are completed as changes occur during corrections or new projects such as adding storm in areas that lack, addressing new piping.	Yes

IDDE Plan	Jackson Township Highway Division	Assign and conduct visual inspection of Township area residential housing and associated buildings for illicit discharge. Record and report findings to the Stark County Board of Health. Assist as necessary in the correction.	Yes	<p>OUTFALLS - Jackson Township's outfalls have been 100% mapped. The current number of outfalls continues to be counted and omissions discovered. These are reported to the mapping system to reach 100% of the outfalls.</p> <p>PLAN - The IDDE plan has been modified to reflect the cancellation of the Memorandum of Understanding between the Stark County Combined General Health District and Jackson Township. This was originally to go to April 19, 2013, but was cancelled December 31,2011. Jackson Township assumed the investigation and reporting illicit discharges. The Stark County Health District will continue to assume their original responsibilities.</p> <p>INSPECTIONS/ILICIT DISCHARGES - Inspections were performed in 2025 as outlined in the IDDE Plan. Of the inspections, any discharges were investigated and all discharges were corrected (or were justified).</p> <p>EDUCATION - Jackson Township sends out a newsletter to residents and businesses that contains articles and information on IDDE. Stark SWCD received no illicit discharge complaints. Township received 4 complaints during this reporting period, with two being located within Stark County's MS4. Of the two within the Township's MS4, both were inspected. No issues were discovered with the first and the second resulted in a violation letter being hand delivered to the residents due to animal waste being placed in a catch basin.</p> <p>Highway staff vac'd and flushed the pipe once discovered.</p>	Yes

Summarize activities you plan to undertake for the next reporting cycle.

BMP (mechanism)	Responsible Party	Measurable Goal	Summary of Planned Activities	Proposed Schedule
Storm Water Easement Mapping Project	Jackson Township/Stark County Regional Planning Commission	Complete a storm water easement mapping project.	<p>Jackson Township entered into an agreement with the Stark County RPC on 11-13-18 to complete a storm water easement mapping project within the area as designated by the Township. RPC shall prepare an inventory of storm water easements. An RPC Storm Water Easement Mapping Project - Addendum dated August 27, 2019 for an extension of time and additional funds (resolution no. 19-222). The Jackson Township Public Works Department also has control of the GIS Mapping to address changes in the system such as new pipe additions and maintenance on current infrastructure.</p> <p>Township's Public Works Department has taken control of many aspects of system and is updated on a daily / weekly / monthly basis as new infrastructure is installed or maintenance is completed.</p>	This project is on going and has been taken over by the Township's Public Works Department

Comments: N/A

Ordinance or Other Regulatory Mechanism	Jackson Township	Maintain and enforce illicit discharge resolution.	The Illicit Discharge Resolution was modified to reflect the fact that the contract between Jackson Township and the Stark County Health Department has been eliminated as of December 31, 2011.	The resolution as proposed in 2012, was modified in 2013. Daily observation will continue in the Township.

POLLUTION PREVENTION/GOOD HOUSEKEEPING FOR MUNICIPAL OPERATIONS							

BMP (mechanism)	Responsible Party	Measurable Goal	Completed	Topic(s)	Targeted Audience	# of Employees Attended	Effective
Employee Training Program 1	Stark SWCD	Provide yearly training for employees related to storm water and MS4 responsibilities.	Yes	Illicit Discharge Detection and Elimination Protocols; Leaf Dumping in Ditches & Waterways; MS4 Permit - Where to be in 2026; Salt Storage & Brine Containment; Roadside Ditch & MS4 Maintenance Areas	Township employees	4	Yes

Summary of Activity: In coordination with the Stark Soil and Water Conservation District (SWCD), Jackson Township Public Works personnel participated in a stormwater management training workshop on December 11, 2025. The training focused on Minimum Control Measure (MCM) 6-Pollution Prevention/Good Housekeeping for Municipal Operations. The training reinforced best management practices (BMPs) for daily municipal operations, including roadway maintenance, ditch and drainage system maintenance, and reporting procedures for potential illicit discharges.

Comments: Training materials, attendance records, and supporting documentation are maintained as part of Jackson Township's MS4 program records. The training supports the Township's ongoing commitment to employee education and the implementation of stormwater pollution prevention practices in accordance with the Ohio EPA MS4 permit requirements.

BMP (mechanism)	List of Municipal Facilities Subject to Program	O&M Procedures Developed?	# of Inspections Performed	Frequency of Inspections
Municipal Facilities	Highway / Maintenance Facility	Yes	5	Quarterly / Yearly
BMP (mechanism)	Summarize Maintenance Activities and Schedules	Summarize Activities Performed		

MS4 Maintenance	Catch basins cleaned, repaired, and installed as needed. Storm sewer and ditch cleaned as needed. Community yard waste loaded and hauled by private contractor. Assist with Jackson Senior Community Day. Highway: Tracked asphalt patch material applied to roads. Central Maintenance: Oil Water Separators/checked monthly and emptied as needed. Parks: Monitor septic system and pump when requires. Monitor oil water separator, test and pump as required. Monitor retention pond to ensure no debris gets into the water.	217 catch basins repaired, 52 catch basins installed. 2,852 ft. pipes flushed, 4,240 ft. ditch cleaned. 271 loads hauled out by Earth N' Wood. 440 tons of asphalt used on roads. Oil water separators Inspected, and no problems found. Vehicle Maintenance oil water separator replaced. Monitor septic systems and pump when requires. Monitor oil water separator, test and pump as required. Monitor retention pond to ensure no debris gets into the water.	
BMP (mechanism)	Procedures Developed?	Document Amounts of Wastes Properly Disposed	
Disposal of Wastes	Yes	294 tons of sweepings and catch basin residue hauled to landfill including road kill. Highway - Continuous during Highway Division operations. Central Maintenance - Waste oil and used filters - as needed (approx. 1,450 gallon of waste oil), as needed for disposal of used filters, as needed for disposal of used antifreeze. Park-Daily. 8 cu yd dumpster in Jackson parks. Picked up 3 times per week, April - October, and 1 time per week, November through March.	
BMP (mechanism)	Covered?	Tons Used	Summarize Measures Taken to Minimize Usage
Road Salt	Yes	4585 Tons	Daily driver discussion when in use as to amount and location of the distribution. Trucks updated with the latest computerized salt & material distribution equipment. Parks & Recreation Division snow and ice policy states, 100 - 300 lbs. of salt to be used per lane mile. Calibration of equipment to be completed at the beginning of season and monitored throughout the season.
BMP (mechanism)	Procedures Developed?	Gallons Used	Summarize Measures Taken to Minimize Usage
Pesticide & Herbicide Usage	Yes	15 Gallons	Best Management Practices is being used in conjunction with the proper mowing height, airify fields, and use organic compounds.
BMP (mechanism)	Procedures Developed?	Pounds Used	Summarize Measures Taken to Minimize Usage
Fertilizer Usage	Yes	3700 Pounds	Organic fertilizer and tested leaf compost used on turf within the township owned properties. Soil tests are completed each year and only the proper amounts of amendments are applied to create a healthy turf.
BMP (mechanism)	Procedures Developed?	Document Amount of Material Collected and Properly Disposed	
Street Sweeping	Yes	285 ton of sweepings and catch basin debris hauled to landfill.	
BMP (mechanism)	Summarize Any New or Existing Flood Management Projects that were Assessed for Impacts on Water Quality		
Flood Management Projects	No new flood control projects were designed or reviewed during this permit term. No existing practices were retrofitted during this permit term.		
BMP (mechanism)	Summary		
2025 Ohio Stormwater Conference	Attended classes that educated staff on new and innovative ways to address stormwater issues throughout the state and country. Four (4) Highway Division employees took part in this training.
